

THE CHIRRUP

Week 3

www.campsangamon.com

As the final week of the session wraps up, a lot is happening here at Camp Sangamon! From the all day 8 mile hike to Mt Ellen, to the druids vs. warlocks all camp game, to the final round of the soccer tournament there was never a shortage of things to do!

At The Woodshop

At woodshop you can make things with your hands. If you need something for your cabin you can make it. If you just have a fun idea you want to make a reality, nobody will stop you. If it's Thor's hammer, a bench, or a ring, you can make beautiful things from raw materials. When you walk into the woodshop, someone is there to help you and make your idea a functioning item. It's a great place to learn how to use power tools, an essential skill among many other useful skills. It's just amazing that my idea can be materialized just by visiting woodshop.

Noah Miller, Cabin Blow

On Sunday I went on a eight mile hike and although it was tough it was very fun. We saw a bunch of lizards. It was awesome and there was a great view.

Max Lavelle, Cabin 1

My favorite activity is woodshop because I can make anything I want. I also like it because the Apprenterns and staff are really nice.

PHOTO

The printing process is probably the most tedious and most fun part of Photo. The tedious part is making five plus test strips and having to wait four to six minutes while the paper is in the chemicals. The fun part is the anticipation of what the photo will look like.

Sunny Days

There are bees
And vitamin Ds
The sun is fun for me
I feel warm
Nice with breeze
I wish I could have some ice cream
Happy thoughts
And lots of hanging with friends
The fun never ends
I see nature thriving
And the heat being enjoyed
The hottest places I avoid
Yellow , red, and orange
The colors of warm rays
Are always shining on sunny days

Druids Vs Warlocks

On Saturday there was an all-camp game. It was about warlocks and druids teaming up to fight a scientist. Saving the world was really fun. I was a warlock. We nailed hammers into trees, got paint on our foreheads, did hopscotch, and we got the magical book. We got to the portal before the druids and got rid of the voidlings for good!

RIDING

This year at riding they got almost all of the same horses back! I ride two horses, one named Faith and another named Dottie. The riding staff Camille is really great with giving feedback and teaching in general. I'm very happy that riding can be an activity again.

SNAPPING TURTLE CENTRAL

It was amazing to see the new snapping turtle in Nature. I think the turtle is a male. He is so cute and I can't wait to see him again. As far as I know he doesn't have a name. I hope he is named Mr. Leaf because of the color of his skin, but that's just my opinion.

George Oliphant, Cabin 4

At Camp Sangamon we have capture the flag, cabin night, all camp games, and so much more. I think Camp Sangamon is the best camp.

Max Lavelle, Cabin 1

Upset Alert!

One of the most unfortunate events in camp history occurred this week. The elimination of the Basilisk in the quarter finals. 87 percent of the residents at Camp Sangamon say it was the fan favorite. We had support from almost every cabin and some staff. And to top it all off, we lost to the Komodo Dragon. I'm insanely enraged by this event.
