Week 4

www.campsangamon.com

It's week four and the Aaaaaaprenti have traveled off to Peru. Whilst Emmet has been pining over them, Sangamon has welcomed loads of new faces for Session Two. Kicking off with a big cabin cookout, we've had our meet and greet 'house' social with Betsey Cox down at the pasture, Dory's amazing Diner Breakfast and a hunt for artifacts in our Mission Impossible all camp game. We've had a big turn out at the farm this week and lots of campers classifying down at the Waterfront.

This week's Chirrup features stories of all the fun we've had this week!

Let's gooooooo!!

What's been going on this week?

Cabin Cookout

On the first night of camp we had cabin cookout. Cabin cookout is on Sunday for dinner. We collect firewood and made a fire and roasted hot dogs and grilled hamburgers. After that we roasted marshmallows. I had a really good time on my first day of camp.

First Day at Camp

So today we first settled in. I took a swimming test to see my level. Then we got introduced to everyone, I was very nervous but soon realized how nice everyone is. After rest hour we all went to activities run by the staff and then went to bed. It was a great first day of camp.

Helpful Henry

Today I went to weavery for the second time. I learnt to make a 3 string bracelet. It was very fun and easy to learn. The weavery staff were very helpful, especially Henry. I want to learn to make a bar bracelet which is bigger and more difficult to make.

Avi Lewis (Cabin 8)

Shoot for the stars

In the past two weeks I have mostly been to weavery. I like weavery because it is really relaxed and we get to weave and listen to music. I have made three bracelets so far. I have two bars, one boarded arrow, and a shooting star. I can't wait for more camp in the third week.

Maxwell Anderson (Cabin 8)

Busiest Camper on Camp

So far during camp, I've made a ladder, taken swimming lessons, shot a bow and took clay making lessons. I also started making a one person bench and went canoeing. So far camp is great.

BTW I am going to try and build a small box to bring home. So far camp is going good. I like it.

EMMET'S MUSINGS ON KITCHEN LIFE

Working in the kitchen is fun. It is also hard work and really hot. I have to lift lemonades a lot. Manual labor is fun and comes with a sense of satisfaction. I have learned where everything is in terms of supplies. I have learned what Dory's shorthand means. I have learned to cook eggs, meatballs, pasta, salad, tofu, and meatloaf (kind of). My favorite thing to do in the kitchen is talking to Dory and Vie. They are both interesting people who have many life lessons to share.

A Gorge-ous day out

Clarendon gorge was really fun. Surprisingly the current wasn't that strong even though it poured down with rain a couple of days before. It was super fun jumping off the rocks. We also went under the mini waterfall which was cool.
